## Darknet Presentation Links

As a reminder, before accessing these Darknet sites you will need to download and install either the Tor browser bundle, from the Tor Project at: <https://www.torproject.org/>, or the I2P software, at: <https://geti2p.net>. The site addresses ending in “.onion” are sites on Tor. The site addresses ending in “.i2p” are sites on the I2P network.

The website links are organized alphabetically...not by category.

All sites listed were active when we last checked. Any sites referenced in our presentations or publications that are not included in this list might either be down temporarily or have been removed by the developers or law enforcement.

## DO YOU NEED MORE INFORMATION ABOUT TECHNO-CRIMES?

Visit our website at <https://www.technocrime.com>

Read our latest blog: [The Techno-Crime Blog](#)

### Join the [Techno-Crime mailing list!](#)

You will receive:

- Free access to our mini-course
- Updates about new types of techno-crime
- Notices about security tools and techniques to protect your data
- How to protect your personal privacy
- Information about our keynote speeches and training opportunities
- New publications and online training as they become available

We have a “no spam” policy, and operate on an “opt-in” basis only. We wish other marketers would show us this same respect, and that is how we treat our friends and clients.
